 - 3. No cash transactions (ATM, cash back, etc.) are allowed.
 - 4. The cards are in the possession of the Treasurer and are used via a checkout log. The log should include an agreement that sales tax will not be reimbursed unless pre-approved by the executive board. The log is then reconciled to the statement prior to payment.
 - 5. Prior to use of the credit or debit card, a funds request form is completed and submitted. Following the purchase, the receipt is given to the Treasurer and attached to the funds request form.

6. If sales tax is paid for the credit card purchase, the card user reimburses the PTA unless prior approval has been granted by the executive board.
 7. A change in signer on the checking account requires a change in signer on the credit card, and a financial reconciliation shall be performed. This applies when fraud or misuse of the card has been discovered.

- C. Online & Point of Sale Payment Collection Systems**
1. The PTA membership must approve the use of an online and/or point of sale payment collection system.
 2. The payment collection system must be in the PTA's name.
 3. The payment collection system's statements must be clear with detailed and accessible information on a real-time basis. The PTA must have immediate access to know who has paid, the purpose of the payments, and the expected cash transfer amount.
 4. Associated fees are budgeted as an expense line item and are accounted for and reported in every financial report. The PTA must check for these fees often to ensure that the financial statement is accurate and that the fees are correct.
 5. All revenue is accounted for and reported in every financial report in the corresponding budgeted income category or categories.
 6. Reconciliations must occur on a monthly basis. Whether a manual or automatic transfer to the PTA bank account occurs, transfers should occur at least monthly and proper documentation is required as with a traditional bank deposit. For daily deposits, a weekly summary of the deposits may be documented on a single deposit form. The deposit form should have the online transaction confirmation attached and does not need counters' signatures as you are receiving a bulk deposit. The deposit form should include the amount of the deposit, which budget lines are impacted including the incurred fee budgeted expense. Alternatively, if fees are charged monthly, a funds request form should be used to document.
 7. The payment collection system must be Certified Compliant with the Payment Card Industry Data Security Standards (PCI DSS).
 8. For swiped transactions, the PTA should research the payment collections system's policies on handling cards that do not read correctly. Card numbers are not written down for any reason. Only swiped transactions that are immediately authorized, via internet or phone access, are accepted. The PTA does not swipe or store transactions for later settlement.
 9. In the case of electronic payment disputes, the PTA should research the payment collection system's policies on challenging a disputed payment. The PTA confirms that only the PTA Treasurer has access to issue a refund to the customer. Any challenge of payment must be responded to promptly and accurately. Confirming a refund requires the same approvals and documentation as required for a funds request form. The authorized refund is recorded in the check registry prior to withdrawal. If merchandise has not already been provided, goods and services are withheld until the dispute is cleared. If the dispute is not resolved favorably, the action is treated in the same manner as a non-sufficient funds check.
